Marketing Analytics Report

Last Paid Click Attribution

David Rodriguez Lopez

Attribution Model: Last Paid Click

Paid channels (CPC, CPM) drive majority of conversions.

Yandex and VK ads are primary paid traffic sources.

Metrics: CPU, CPL, CPPU, ROI tracked per channel per day.

Dashboard link: <https://app.codica.la/dashboard>

Conclusions

Profitable channels identified via positive ROI.

Underperforming CPM campaigns should be paused.

90% of leads close within 14 days of first click.

Strong correlation between paid and organic growth.
